Friday 9th May 2025

Act of Service

On Fridays during the Ashes to Fire: A Journey from Lent to Pentecost on Fridays we will explore acts of service. These are offered as an invitation to partake in an activity as part of your Lenten discipline.

These are suggestions and might inspire other related actions. Today you're invited to consider how you can start changing the world, caring for creation through your own actions.

The author Pam Brown (1928-2014) wrote "You can't heal the world in a day but you can make a start."

One of the Five Marks of Mission and part of our baptism promises is about caring for creation and treasuring God's creation.

What are ways that you can make simple changes in your house. For instance it could be about using energy efficient lightbulbs when you have to change them, or turning appliances off rather than leaving them on standby, Perhaps it could be about being mindful of your water use or planting insect and bee friendly plants and flowers in your garden.

What one thing might you be challenged to do today?
